## Independent Auditors' Report

---

To the Honorable Members of the Board of Supervisors  
County of Greensville, Virginia

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Greensville, Virginia, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditors' Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## *Opinions*

In our opinion based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Greensville, Virginia, as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## *Change in Accounting Principle*

As described in Note 1 to the financial statements, in 2016, the County adopted new accounting guidance, GASB Statement Nos. 72 Fair Value Measurement and Application, 79 Certain External Investment Pools and Pool Participants, and 82 Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73. Our opinion is not modified with respect to this matter.

## *Other Matters*

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules related to pension and OPEB funding on pages 4-9, 79, and 80-83 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Greensville, Virginia's basic financial statements. The other supplementary information and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

*Other Information (continued)*

The other supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The statistical information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 3, 2017 on our consideration of the County of Greensville, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Greensville, Virginia's internal control over financial reporting and compliance.

## Management's Discussion and Analysis

---

### To the Citizens of Greensville County County of Greensville, Virginia

As management of the County of Greensville, Virginia we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2016.

### Financial Highlights

#### Government-wide Financial Statements

The assets and deferred outflows of resources of the County (Governmental and Business-type activities) exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$42,213,395 (net position) compared to \$35,994,481 in the prior year, an increase of \$6,218,914.

Our combined (governmental and business-type activities) long-term obligations decreased by a net of \$448,865 during the current fiscal year. This decrease is due to bonds and other loans' principal being paid during the year and new debt being issued for business-type activities.

#### Fund Financial Statements

The Governmental Funds, on a current financial resource basis, reported revenues in excess of expenditures and other financing sources by \$444,823 (Exhibit 5) after making contributions totaling \$1,918,117 (net of debt service adjustment) to the School Board. In the prior year, fund balance increased by \$1,086,963.

- As of the close of the current fiscal year; the County's funds reported ending fund balances of \$5,086,500, an increase of \$444,823 in comparison with the prior year. The major increase of fund balance can be attributed to an increase in property taxes and increase in intergovernmental revenues received.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$4,137,502, or 23% of total general fund expenditures.

### Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components:

1. Government-wide financial statements,
2. Fund financial statements, and
3. Notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

## Overview of the Financial Statements (Continued)

Government-wide financial statements - The Government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, courts, police protection, sanitation, social services, education, cultural events, and recreation.

The Government-wide financial statements include not only the County of Greenville, Virginia itself (known as the primary government), but also a legally separate school district, an Industrial Development Authority, and a Joint Department of Social Services for which the County of Greenville, Virginia is financially accountable. Financial information for these component units is reported separately from the financial information present for the primary government itself.

Fund financial statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County of Greenville, Virginia, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and proprietary funds.

Governmental funds - Governmental funds are used to account for essentially the same functions or services reported as governmental activities in the government-wide financial statements. Whereas the government-wide financial statements are prepared on the accrual basis of accounting, the governmental fund financial statements are prepared on the modified accrual basis of accounting. The focus of modified accrual reporting is on near-term inflows and outflows of financial resources and the balance of financial resources available at the end of the fiscal year. Since the governmental funds focus is narrower than that of the government-wide financial statements, reconciliation between the two methods is provided on Exhibit 4. The County has two major governmental funds - the General Fund and the Capital Projects Fund.

Proprietary funds - Proprietary funds consist of enterprise funds. Enterprise funds are established to account for the delivery of goods and services to the general public and use the accrual basis of accounting, similar to private sector business. The Solid Waste fund provides waste services to County residents. The Water and Sewer Authority provides water services to area residents. Refer to the separately issued financial statements of the Water and Sewer Authority for further analysis and note disclosures.

Notes to the financial statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Overview of the Financial Statements (Continued)**

Other information - In addition to the basic financial statement and accompanying notes, this report also presents in summary from the discretely presented component units: School Board, Department of Social Services, and the Industrial Development Authority. All three component units issue separate reports and therefore are presented in summary form in the Government-wide financial statements.

**Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a County's financial position. In the case of the County, (government and business-type) total assets and deferred outflows of resources exceeded total liabilities and deferred inflows of resources by \$42,213,395 at the close of the fiscal year ended June 30, 2016.

**County of Greensville, Virginia's Net Position**

	<u>Governmental Activities</u>		<u>Business-type Activities</u>	
	<u>2016</u>	<u>2015</u>	<u>2016</u>	<u>2015</u>
Current and other assets	\$ 14,798,969	\$ 14,310,549	\$ 10,128,104	\$ 5,922,327
Capital assets	38,008,306	37,974,839	33,490,171	33,327,635
Total assets	<u>\$ 52,807,275</u>	<u>\$ 52,285,388</u>	<u>\$ 43,618,275</u>	<u>\$ 39,249,962</u>
Deferred outflows of resources	\$ 455,641	\$ 423,042	\$ 75,054	\$ 79,340
Long-term liabilities outstanding	\$ 28,900,414	\$ 30,895,343	\$ 15,262,435	\$ 13,716,371
Current liabilities	857,740	985,910	275,403	347,622
Total liabilities	<u>\$ 29,758,154</u>	<u>\$ 31,881,253</u>	<u>\$ 15,537,838</u>	<u>\$ 14,063,993</u>
Deferred inflows of resources	\$ 9,245,236	\$ 9,716,321	\$ 201,622	\$ -
Net position:				
Net investment				
in capital assets	\$ 10,532,316	\$ 8,617,330	\$ 20,749,711	\$ 22,261,976
Restricted for:				
Debt Service	851,550	851,942	-	-
Unrestricted	<u>2,875,660</u>	<u>1,641,584</u>	<u>7,204,158</u>	<u>3,003,333</u>
Total net position	<u>\$ 14,259,526</u>	<u>\$ 11,110,856</u>	<u>\$ 27,953,869</u>	<u>\$ 25,265,309</u>

At the end of the current fiscal year, the County's net investment in capital assets is \$10,532,316. This increase can be attributed to the repayment of principal on outstanding bonds and notes and additional capital outlays and building projects. The unrestricted net position of governmental activities at June 30, 2016 is \$2,875,660.

**Government-wide Financial Analysis (Continued)**

The total net position of the County increased \$6,218,914. Key elements of this increase are as follows:

**County of Greenville, Virginia's Change in Net Position**

	<u>Governmental Activities</u>		<u>Business-type Activities</u>	
	<u>2016</u>	<u>2015</u>	<u>2016</u>	<u>2015</u>
Revenues:				
Program revenues:				
Charges for services	\$ 1,793,211	\$ 1,859,966	\$ 5,511,440	\$ 4,892,192
Operating grants and contributions	2,955,368	2,117,437	-	-
Capital grants and contributions	1,026,393	715,698	2,663,492	141,629
General revenues:				
Property taxes	7,765,676	7,483,451	-	-
Other local taxes	1,939,553	2,311,528	-	-
Other revenue	557,909	642,079	18,539	89,482
Grants and other contributions unrestricted	1,871,925	2,070,660	6,427	6,357
Total revenues	<u>\$ 17,910,035</u>	<u>\$ 17,200,819</u>	<u>\$ 8,199,898</u>	<u>\$ 5,129,660</u>
Expenses:				
General government	\$ 2,154,890	\$ 2,097,464	\$ -	\$ -
Judicial administration	934,265	969,469	-	-
Public safety	3,719,480	3,684,666	-	-
Public works	1,145,072	1,269,576	5,248,512	5,152,207
Health and welfare	1,011,069	1,163,185	-	-
Education	3,407,368	3,428,331	-	-
Parks, recreation and culture	372,911	390,015	-	-
Community development	1,065,247	1,293,747	-	-
Interest	832,205	1,190,406	-	-
Total expenses	<u>\$ 14,642,507</u>	<u>\$ 15,486,859</u>	<u>\$ 5,248,512</u>	<u>\$ 5,152,207</u>
Increase (decrease) in net position	\$ 3,267,528	\$ 1,713,960	\$ 2,951,386	\$ (22,547)
Net position - beginning, as restated	<u>10,991,998</u>	<u>9,396,896</u>	<u>25,002,483</u>	<u>25,287,856</u>
Net position - ending	<u>\$ 14,259,526</u>	<u>\$ 11,110,856</u>	<u>\$ 27,953,869</u>	<u>\$ 25,265,309</u>

For the most part, increases in governmental activities revenues and expenditures closely paralleled inflation and growth in the demand for services causing a net position increase of \$3,267,528 in governmental activities only. The net position of business-type activities increased \$2,951,386 due to increased capital construction and related grants.

As noted earlier, the County used fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The County's business-type activities experienced natural growth in expenses due to inflation and a decrease in revenues due to water-saving measures taken by a major customer.

**Governmental Funds** - The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a County's net resources available for spending at the end of the fiscal year.

## Government-wide Financial Analysis (Continued)

As of the end of the current fiscal year, the County's governmental funds reported fund balances of \$5,086,500, an increase of \$444,823 in comparison with the prior year. Approximately 81% of this total amount constitutes unassigned fund balance, which is available for spending at the County's discretion. The remainder of fund balance is restricted and committed to indicate that is not available for new spending because it has already been committed for debt service, capital projects, and education. The increase in fund balance can be attributed to an increase in fines and forfeitures revenue as well as general property taxes.

### Proprietary funds

The County's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

### **General Fund Budgetary Highlights**

Differences between the original budget and the final amended budget were \$1,323,871 and can be briefly summarized as follows:

- \$726,959 in increases in Public Safety
- \$298,782 in increases in Community Development
- \$298,040 in other budget increases and decreases

### **Capital Asset and Debt Administration**

Capital assets - The County's investment in capital assets for its governmental operations as of June 30, 2016 amounted to \$38,008,306 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, and machinery and equipment. The following is a comparison to the prior year of net capital assets as of June 30, 2016:

#### County of Greenville, Virginia's Capital Assets

	<u>Governmental Activities</u>		<u>Business-type Activities</u>	
	<u>2016</u>	<u>2015</u>	<u>2016</u>	<u>2015</u>
Land	\$ 2,106,648	\$ 2,106,648	\$ 459,746	\$ 415,207
Land and landfill improvements	-	-	1,076,107	1,076,107
Infrastructure	-	-	43,671,851	43,378,966
Land improvements	1,416,126	1,416,126	-	-
Buildings and other improvements	22,513,906	22,456,422	2,803,808	2,803,808
Equipment	3,355,608	3,090,486	2,611,314	2,555,461
Tenancy in common (buildings)	12,413,524	13,897,304	-	-
Construction in progress	8,693,334	6,780,679	1,626,485	666,119
<b>Total</b>	<b>\$ 50,499,146</b>	<b>\$ 49,747,665</b>	<b>\$ 52,249,311</b>	<b>\$ 50,895,668</b>
Less accumulated depreciation	<u>(12,490,840)</u>	<u>(11,772,826)</u>	<u>(18,759,140)</u>	<u>(17,568,033)</u>
<b>Net capital assets</b>	<b><u>\$ 38,008,306</u></b>	<b><u>\$ 37,974,839</u></b>	<b><u>\$ 33,490,171</u></b>	<b><u>\$ 33,327,635</u></b>

Additional information on the County's capital assets can be found in the notes of this report.

## Capital Asset and Debt Administration: (Continued)

Long-term obligations - At the end of the current fiscal year, the County had total governmental activities obligations outstanding of \$28,900,414. Of this amount \$7,072,546 comprises debt backed by the full faith and credit of the County, (bonded debt). The remainder of the County's obligations represents bonds secured solely by specified revenue sources (i.e., revenue bonds). The following table depicts a comparison of outstanding debt to prior year.

### County of Greenville, Virginia's Outstanding Long-term Obligations

	<u>Governmental Activities</u>		<u>Business-type Activities</u>	
	<u>2016</u>	<u>2015</u>	<u>2016</u>	<u>2015</u>
Literary loans	\$ 4,875,000	\$ 5,250,000	\$ -	\$ -
VPSA bonds	2,197,546	3,022,439	-	-
Revenue bonds	12,398,352	13,338,105	12,624,341	11,119,485
Loans payable	7,394,530	7,651,056	116,119	128,496
Landfill closure/post-closure	-	-	2,203,422	2,269,435
Note payable	90,454	-	-	-
Bond Premiums	520,108	562,144	-	-
Compensated absences	391,301	399,851	203,452	183,455
Net OPEB Obligation	116,200	106,400	18,300	15,500
Net pension liability	916,923	565,348	96,801	-
<b>Total</b>	<b>\$ 28,900,414</b>	<b>\$ 30,895,343</b>	<b>\$ 15,262,435</b>	<b>\$ 13,716,371</b>

Legislation enacted requires that debt historically reported by the School Board has been assumed by the primary government. The legislation affects the reporting of local school capital assets as well.

The County's total obligations decreased by a net of \$448,865 during the current fiscal year. Governmental activities debt decreased \$1,994,929 due to scheduled debt repayments while business-type activities debt increased \$1,546,064 due to the issuance of revenue bonds.

Additional information on the County of Greenville, Virginia's long-term obligations can be found in Note 6 of this report.

### **Economic Factors and Next Year's Budgets and Rates**

The unemployment rate for the County at June 30, 2016 was 4.8 percent, which is a decrease from a rate of 5.8 percent a year ago. This compares unfavorably to the state's average unemployment rate of 4.0 percent and unfavorably to the national average rate of 5.1 percent.

Inflationary trends in the region compare favorably to national indices.

The fiscal year 2017 General Fund budget increased from \$16,070,432 to \$16,570,615 or \$500,183 (3%). Fiscal year 2017 tax rates are as follows: \$0.67/\$100 Real Estate; \$5.00/\$100 Personal Property; \$4.00/\$100 Machinery and Tools; \$0.000/\$100 Aircraft.

### **Requests for Information**

This financial report is designed to provide a general overview of the County of Greenville, Virginia's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County Administrator, 1781 Greenville County Circle, Emporia, Virginia, 23847.

Reconciliation of the Balance Sheet of Governmental Funds  
 To the Statement of Net Position  
 June 30, 2016

---

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balances per Exhibit 3 - Balance Sheet - Governmental Funds	\$	5,086,500	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.			38,008,306
Other long-term assets are not available to pay for current-period expenditures and, therefore, are unavailable in the funds.			
Unavailable property taxes	\$	397,200	
Items related to measurement of net pension liability		<u>(502,149)</u>	(104,949)
Investment in joint venture - MaMaC			32,694
Pension contributions subsequent to the measurement date will be a reduction to the net pension liability in the next fiscal year and, therefore, are not reported in the funds.			422,179
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:			
Accrued interest payable	\$	(318,252)	
Deferred outflows related to measurement of net pension liability		33,462	
Long-term obligations		<u>(28,900,414)</u>	<u>(29,185,204)</u>
Net position of governmental activities	\$		<u><u>14,259,526</u></u>

The notes to the financial statements are an integral part of this statement.

Reconciliation of Statement of Revenues,  
Expenditures, and Changes in Fund Balances of Governmental Funds  
To the Statement of Activities  
For the Year Ended June 30, 2016

---

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds \$ 444,823

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlay exceeded depreciation in the current period:

Capital asset additions	\$ 2,235,261	
Depreciation expense	(842,504)	
Net transfer of assets to School Board	<u>(1,359,290)</u>	33,467

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	\$ 112,089	
Change in deferred inflows of resources related to the measurement of the net pension liability	<u>631,507</u>	743,596

Net change in investment in joint venture 14,739

The issuance of long-term obligations (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term obligations consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term obligations and related items:

Issuances of new debt	\$ (98,070)	
Principal retirement on long-term obligations	<u>2,445,824</u>	2,347,754

Decrease in accrued interest payable	\$ 3,375	
Decrease in compensated absences	8,550

# COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016

---

## Note 1—Summary of Significant Accounting Policies:

---

The County of Greenville, Virginia was formed in 1781 and is governed by an elected four member Board of Supervisors. The Board of Supervisors is responsible for appointing the County Administrator. The County provides a full range of services for its citizens. These services include police and volunteer fire protection; sanitation services; recreational activities, cultural events, education and social services.

The financial statements of the County of Greenville, Virginia have been prepared in conformity with the accounting principles generally accepted in the United States as specified by the Governmental Accounting Standards Board, and the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia. The more significant of the government's accounting policies are described below.

### Financial Statement Presentation

Management's Discussion and Analysis - GASB Statement No. 34 requires the financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities in the form of "Management's Discussion and Analysis" (MD&A).

### Government-wide and Fund Financial Statements

Government-wide financial statements - The reporting model includes financial statements prepared using full accrual accounting for all of the government's activities. This approach includes not just current assets and liabilities but also capital assets and long-term liabilities (such as buildings and general obligation debt).

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its components units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

Statement of Net Position - The Statement of Net Position is designed to display financial position of the primary government (governmental and business-type activities) and its discretely presented component units. Governments will report all capital assets, in the government-wide Statement of Net Position and will report depreciation expense - the cost of "using up" capital assets - in the Statement of Activities. The net position of a government will be broken down into three categories - 1) net investment in capital assets; 2) restricted; and 3) unrestricted.

Statement of Activities - The government-wide Statement of Activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

## COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

### Note 1—Summary of Significant Accounting Policies: (Continued)

---

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Budgetary Comparison Schedules - Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments, and have a keen interest in following the actual financial progress of their governments over the course of the year. Many governments revise their original budgets over the course of the year for a variety of reasons. The government has presented the original budget in addition to the final budget in comparison with actual results.

#### A. Financial Reporting Entity

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity for general purpose financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organizations governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity. These financial statements present the County of Greenville, Virginia (the primary government) and its component units. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government.

#### B. Individual Component Unit Disclosures

##### 1. Blended Component Units

The Greenville County Water and Sewer Authority has separate corporate powers that distinguish it as being legally separate from the County of Greenville, Virginia. The Water and Sewer Authority is financially accountable to the County because the County appoints a voting majority of its governing body and has the ability to impose its will on the Authority by significantly influencing the programs, projects, activities, and level of services provided by the Authority. The governing body of the Authority is the same as the governing body of the County.

For the reasons listed above, the Greenville Water and Sewer Authority is a blended component unit of the County. The financial data of the Authority for its year ended September 30, 2014 has been included in this financial report. However, separately issued financial statements for the Authority can be obtained from the County Administrator's office located at 1781 Greenville County Circle, Emporia, Virginia 23847.

## COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

### Note 1—Summary of Significant Accounting Policies: (Continued)

---

#### B. Individual Component Unit Disclosures (Continued)

##### 2. Discretely Presented Component Units

The Greensville County School Board operates the elementary and secondary public schools in the County. School Board members are appointed by the County Board of Supervisors. The School Board is fiscally dependent upon the County because the County approves all debt issuances of the School Board and provides significant funding to operate the public schools since the School Board does not have separate taxing powers. The School Board is comprised of two Governmental Funds, the School Operating and School Cafeteria; and one Capital Projects Fund, the School Capital Projects Fund. The School Board is a discretely presented component unit of the County for which separate financial statements are issued. Copies of such statements can be obtained from the School Board offices located at 105 Ruffin Street, Emporia, Virginia 23847.

The Greensville County Industrial Development Authority was created by the County to attract industry to the County and to provide financing for such industries. The Authority does have separate corporate powers that distinguish it as being legally separate from the County. The County is financially accountable for the Authority because it appoints a voting majority of the Authority's governing body and there exists a financial benefit or burden between the two entities. However, because the two governing bodies are not substantially the same, the Authority is a discretely presented component unit of the County. Separately issued financial statements for the Authority can be obtained from the County Administrator's office located at 1781 Greensville County Circle, Emporia, Virginia 23847.

The Greensville/Emporia Department of Social Services has also been determined to be a discretely presented component unit of the County. The County's Board of Supervisors appoints a voting majority of the Department's governing body, the existence of a financial benefit and burden between the County and Department, and the County is financially accountable for the Department. All of these factors require the department to be reported as a discretely presented component unit. Separate financial statements for the Department have been issued and can be obtained from their administrative offices located at P.O. Box 1136, Emporia, Virginia 23847.

#### C. Other Related Organizations

##### Included in the County's Financial Report

None

##### Excluded from the County's Financial Report:

##### Meherrin Regional Library

The Meherrin Regional Library is considered a jointly governed organization and therefore its operations are not included in the County's financial statements. The counties of Greensville, Brunswick and the City of Emporia provide the financial support for the Library and appoint its governing Board, in which is vested the ability to execute contracts and to budget and expend funds. The County appoints two (2) of the ten (10) members of the Board.

## COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

### Note 1—Summary of Significant Accounting Policies: (Continued)

---

#### C. Other Related Organizations (Continued)

##### District 19 Community Services Board

The Board was created by resolution pursuant to state statute and is considered a jointly governed organization and therefore its operations are not included in the county's financial statements. The County appoints two of the Board members; however, the County cannot impose its will on the Board since it does not have the ability to modify or approve the budget or overrule or modify the decisions of the Board. The Board is fiscally independent and there is no financial benefit or burden relationship with the County.

##### Southside Regional Jail Authority

The Authority was created in 1995 to develop, construct, operate and maintain the regional jail known as Southside Regional Jail Authority. The Jail's service area includes the County of Greensville and the City of Emporia. The Authority is governed by a Board of Directors appointed by the Board of Supervisors of the County of Greensville and City of Emporia, Virginia. The Board of Directors has appointed the Treasurer of Greensville County to serve as fiscal agent. The Board is considered a jointly governed organization and therefore its operations are not included in the County's financial statements. The County cannot impose its will on the Board since it does not have the ability to modify or approve the budget or overrule or modify decisions of the Authority. The Authority is fiscally independent and there is not financial benefit or burden relationship with the County.

#### D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provided have been met.

The government-wide Statement of Activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.) which are otherwise being supported by general government revenues, (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.) The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity.

**Note 1—Summary of Significant Accounting Policies: (Continued)**

---

**D. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

1. Governmental Funds

Governmental Funds are those through which most governmental functions typically are financed. The government reports the following major governmental funds:

a. General Fund

The General Fund is the primary operating fund of the County. This fund is used to account for and report all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income. A significant part of the General Fund's revenues is used principally to finance the operations of the Component Unit School Board.

b. Capital Projects Fund

The Capital Projects Fund accounts for and reports all financial resources used for the acquisition or construction of major capital facilities. The Capital Projects Fund is considered a major fund for reporting purposes.

c. Comprehensive Services Act Fund

The Comprehensive Services Act Fund accounts for and reports activity of the CSA program as mandated by the Commonwealth of Virginia. The CSA fund is considered a major fund for reporting purposes.

**Note 1—Summary of Significant Accounting Policies: (Continued)**

---

**D. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)**

**2. Proprietary Fund**

The Proprietary Fund accounts for operations that are financed in a manner similar to private business enterprises. The Proprietary Fund measurement focus is upon determination of net income, financial position, and cash flow. The Proprietary Fund consists of the Enterprise Funds.

The Enterprise Funds account for the financing of services to the general public where all or most of the operating expenses involved are recorded in the form of charges to users of such services. The Solid Waste Fund and Water and Sewer Authority (blended component unit) are Enterprise Funds.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. The enterprise funds also recognize as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expense, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**E. Budgets and Budgetary Accounting**

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

1. Prior to March 30, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain citizen comments.
3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
4. The Appropriations Resolution places legal restrictions on expenditures at the department level or category level. The appropriation for each department or category can be revised only by the Board of Supervisors. The County Administrator is authorized to transfer budgeted amounts within general government departments; however, the School Board is authorized to transfer budgeted amounts within the school system's categories.
5. Formal budgetary integration is employed as a management control device during the year and budgets are legally adopted for the General Fund and the Capital Projects Funds of the primary government and the School Fund, School Cafeteria Fund and School Capital Projects of the School Board.
6. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
7. Appropriations lapse on June 30, for all county units.
8. All budgetary data presented in the accompanying financial statements is the original to the current comparison of the final budget and actual results.

## COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

### Note 1—Summary of Significant Accounting Policies: (Continued)

---

#### F. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government.

State statutes authorize the government to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds and repurchase agreements.

Investments for the government, as well as for its component units, are reported at fair value. The Local Government Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

#### G. Investments

Money market investments, participating interest-earning investment contracts (repurchase agreements) that have a remaining maturity at time of purchase of one year or less, nonparticipating interest-earning investment contracts (nonnegotiable certificates of deposit (CDs) and external investment pools are measured at amortized cost. All other investments are reported at fair value. Investments in custody of others include unspent bond proceeds and accumulated interest that the County intends to use for capital projects.

#### H. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans). All other outstanding balances between funds are reported as "advances from other funds."

All trade and property tax receivables are shown net of an allowance for uncollectibles. The County calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to \$145,947 at June 30, 2016 and is comprised solely of property taxes.

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Taxes are payable December 5th. The County bills and collects its own property taxes.

#### I. Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure, are reported in the columns in the government-wide financial statements. Capital assets are defined by the County as land, buildings, road registered vehicles, and equipment with an initial individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

Note 1—Summary of Significant Accounting Policies: (Continued)

---

I. Capital Assets: (Continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Interest attributable to capitalized assets as of June 30, 2016 was immaterial.

Property, plant and equipment of the primary government, and infrastructure as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Structures, lines & accessories	30
Buildings	40
Building improvements	20-40
Vehicles	5
Office and computer equipment	5
Buses	8
Police vehicles	3
Land Improvements	20

J. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources are reported as an expenditure and a fund liability of the governmental fund that will pay the leave. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported as an expense in the Statement of Activities and a long-term obligation in the Statement of Net Position. In accordance with the provisions of Government Accounting Standards No. 16, Accounting for Compensated Absences, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that it is estimated will be taken as "terminal leave" prior to retirement.

K. Long-term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental activities. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses.

L. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

---

M. Restricted Cash

General Fund:

The County maintains a Debt Service Reserve Fund restricted for future required debt service payments on the following debt issues:

Series 2000 Lease Revenue Bond	\$	385,201
Series 2015 Lease Revenue Bond		380,791
Series 2011 Lease Revenue Bond		85,558
		<hr/>
Total restricted cash, Exhibit 3	\$	851,550
		<hr/>
Total restricted cash, Exhibit 1	\$	851,550
		<hr/> <hr/>

N. Fund Balances

Financial Policies

The Board of Supervisors meets on a monthly basis to manage and review cash financial activities and to ensure compliance with established policies. It is the County's policy to fund current expenditures with current revenues and the County's mission is to strive to maintain a diversified and stable revenue stream to protect the government from problematic fluctuations in any single revenue source and provide stability to ongoing services. The County's unassigned General Fund balance will be maintained to provide the County with sufficient working capital and a margin of safety to address local and regional emergencies without borrowing.

Under GASB 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, fund balances are required to be reported according to the following classifications:

Nonspendable fund balance - Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact. This classification includes inventories, prepaid amounts, assets held for sale, and long-term receivables.

Restricted fund balance - Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

Committed fund balance - Amounts that can only be used for specific purposes because of a formal action (resolution or ordinance) by the government's highest level of decision-making authority.

Assigned fund balance - Amounts that are constrained by the County's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the governing body, another body (such as a Finance Committee), or by an official to whom that authority has been given. With the exception of the General Fund, this is the residual fund balance classification for all governmental funds with positive balances.

COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

Note 1—Summary of Significant Accounting Policies: (Continued)

---

N. Fund Balances: (Continued)

Unassigned fund balance - This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When fund balance resources are available for a specific purpose in more than one classification, it is the County's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

O. Designated Cash

The County designates cash in the Solid Waste Fund for the following purposes:

Designated for new equipment	\$ 198,057
Designated for postclosure monitoring	1,147,332
Designated for landfill closure	<u>1,444,611</u>
Total designated cash	<u>\$ 2,790,000</u>

P. Net Position

Net Position is the difference between a) assets and deferred outflows of resources and b) liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

Q. Net Position Flow Assumption

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

R. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County of Greensville, Virginia's Retirement Plan and the additions to/deductions from the County of Greensville, Virginia's Retirement Plan net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Note 1—Summary of Significant Accounting Policies: (Continued)**

---

**S. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has items that qualify for reporting in this category. One item is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Another item is comprised of certain items related to the measurement of the net pension asset or liability. These include differences between expected and actual experience, change in assumptions, and the net difference between projected and actual earnings on pension plan investments. Lastly, the County reports contributions to the pension plan made during the current year and subsequent to the net pension asset or liability measurement date, which will be recognized as a reduction of the net pension asset or liability next fiscal year. For more detailed information on these items, reference Note 9-Pension Plan.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has two types of items that qualify for reporting in this category. Under a modified accrual basis of accounting, unavailable revenue representing property taxes receivable is reported in the governmental funds balance sheet. This amount is comprised of uncollected property taxes due prior to June 30, 2<sup>nd</sup> half installments levied during the fiscal year but due after June 30<sup>th</sup>, and amounts prepaid on the 2<sup>nd</sup> half installments and is deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis, 2<sup>nd</sup> half installments levied during the fiscal year but due after June 30<sup>th</sup> and amounts prepaid on the 2<sup>nd</sup> half installments are reported as deferred inflows of resources. In addition, certain items related to the measurement of the net pension liability are reported as deferred inflows of resources. These include differences between expected and actual experience, change in assumptions, and the net difference between projected and actual earnings on pension plan investments. For more detailed information on these items, reference the pension note.

**T. Adoption of Accounting Principles**

**Governmental Accounting Standards Board Statement No. 72, *Fair Value Measurement and Application***

The County implemented the provisions of the above Statement during the fiscal year ended June 30, 2016. The Statement generally requires investments to be measured at fair value. The Statement requires the County to use valuation techniques which are appropriate under the circumstances and are either a market approach, a cost approach or an income approach. The Statement establishes a hierarchy of inputs used to measure fair value. There was no material impact on the County's financial statement as a result of the implementation of Statement No. 72. All required disclosures are located in Note 3.

## COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

### Note 1—Summary of Significant Accounting Policies: (Continued)

---

#### T. Adoption of Accounting Principles: (Continued)

##### Governmental Accounting Standards Board Statement No. 79, *Certain External Investment Pools and Pool Participants*

The County implemented the provisions of the above Statement during the fiscal year ended June 30, 2016. This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. An external investment pool qualifies for that reporting if it meets all of the applicable criteria established in this Statement. There was no material impact on the County's financial statement as a result of the implementation of Statement No. 79. All required disclosures are located in Note 2.

##### Governmental Accounting Standards Board Statement No. 82, *Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73*

The County early implemented provisions of the above Statement during the fiscal year ended June 30, 2016. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68, *Accounting and Financial Reporting for Pensions*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. No restatement was required as a result of this implementation.

### Note 2—Deposits and Investments:

---

#### Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

#### Investments

Statutes authorize the County to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool (LGIP).

The County has no formal investment policy addressing the various risks related to investments.

COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

Note 2—Deposits and Investments: (Continued)

Credit Risk of Debt Securities

The County's rated debt investments as of June 30, 2016 were rated by Standard & Poor's and the ratings are presented below using Standard & Poor's rating scale.

<u>County's Rated Debt Investments' Values</u>		
<u>Rated Debt Investments</u>	<u>Fair Quality Ratings</u>	
	<u>AAA</u>	<u>AAAm</u>
U.S. Agencies Money Market	\$ 844,558	\$ -
Virginia State Non-Arbitrage Pool	-	85,558
Local Government Investment Pool	-	367,230
Total	<u>\$ 844,558</u>	<u>\$ 452,788</u>

Interest Rate Risk

The County reports the following investment maturities:

<u>Investment Maturities (in years)</u>		
<u>Investment Type</u>	<u>Fair Value</u>	<u>Less Than 1 Year</u>
Local Government Investment Pool (LGIP)	\$ 367,230	\$ 367,230
SNAP	85,558	85,558
Total	<u>\$ 452,788</u>	<u>\$ 452,788</u>

External Investment Pools

The State Non-Arbitrage Pool (SNAP) is an open-end management investment company registered with the Securities and Exchange Commission. In May 2016, the Board voted to convert the SNAP fund to an LGIP structure, which would be managed in conformance with GASB 79. On October 3, 2016, the Prime Series became a government money market fund and the name was changed to Government Select Series. The Government Select Series has a policy of investing at least 99.5% of its assets in cash, U.S. government securities (including securities issued or guaranteed by the U.S. government or its agencies or instrumentalities) and/or repurchase agreements that are collateralized fully.

The value of the positions in the external investment pools (Local Government Investment Pool and State Non-Arbitrage Pool) is the same as the value of the pool shares. As LGIP is not SEC registered, regulatory oversight of the pool rests with the Virginia State Treasury. LGIP and SNAP are amortized cost basis portfolios under the provisions of GASB Statement No. 79. There are no withdrawal limitations or restrictions imposed on participants.

Note 3—Fair Value Measurements:

---

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The County maximizes the use of observable inputs and minimizes the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels as follows:

- Level 1. Quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at a measurement date
- Level 2. Directly or indirectly observable inputs for the asset or liability other than quoted prices
- Level 3. Unobservable inputs that are supported by little or no market activity for the asset or liability

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

The County has the following recurring fair value measurements as of June 30, 2016:

<u>Investment</u>	<u>June 30, 2016</u>	<u>Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
U.S. Agencies Money Market	\$ <u>844,558</u>	\$ <u>844,558</u>
Total	\$ <u>844,558</u>	\$ <u>844,558</u>

**Note 8—Pension Plan:**

*Plan Description*

Name of Plan: Virginia Retirement System (VRS)  
 Identification of Plan: Agent Cost-Sharing Multiple-Employer Pension Plan  
 Administering Entity: Virginia Retirement System (System)

All full-time, salaried permanent employees of the County are automatically covered by VRS Retirement Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees - Plan 1, Plan 2, and Hybrid. Each of these benefit structures has different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

RETIREMENT PLAN PROVISIONS		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p><b>About Plan 1</b>                      Plan 1 is a defined benefit plan. The retirement benefit is based on a member’s age, creditable service and average final compensation at retirement using a formula. Employees are eligible for Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013.</p>	<p><b>About Plan 2</b>                      Plan 2 is a defined benefit plan. The retirement benefit is based on a member’s age, creditable service and average final compensation at retirement using a formula. Employees are eligible for Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.</p>	<p><b>About the Hybrid Retirement Plan</b>                      The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan. Most members hired on or after January 1, 2014 are in this plan, as well as Plan 1 and Plan 2 members who were eligible and opted into the plan during a special election window. (see “Eligible Members”)</p> <ul style="list-style-type: none"> <li>• The defined benefit is based on a member’s age, creditable service and average final compensation at retirement using a formula.</li> <li>• The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions.</li> </ul>

RETIREMENT PLAN PROVISIONS (CONTINUED)		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p><b>Hybrid Opt-In Election (Cont.)</b> Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 1 or ORP.</p>	<p><b>Hybrid Opt-In Election (Cont.)</b> Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 2 or ORP.</p>	<p><b>*Non-Eligible Members (Cont.)</b> Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.</p>
<p><b>Retirement Contributions</b> Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some political subdivisions and school divisions elected to phase in the required 5% member contribution but all employees will be paying the full 5% by July 1, 2016. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.</p>	<p><b>Retirement Contributions</b> Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some political subdivisions and school divisions elected to phase in the required 5% member contribution but all employees will be paying the full 5% by July 1, 2016.</p>	<p><b>Retirement Contributions</b> A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.</p>

RETIREMENT PLAN PROVISIONS (CONTINUED)		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p><b>Disability Coverage (Cont.)</b></p> <p>VSDP members are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.</p>	<p><b>Disability Coverage (Cont.)</b></p> <p>VSDP members are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.</p>	<p><b>Disability Coverage (Cont.)</b></p> <p>Hybrid members (including Plan 1 and Plan 2 opt-ins) covered under VLDP are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.</p>
<p><b>Purchase of Prior Service</b> Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as creditable service in their plan. Prior creditable service counts toward vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. When buying service, members must purchase their most recent period of service first. Members also may be eligible to purchase periods of leave without pay.</p>	<p><b>Purchase of Prior Service</b> Same as Plan 1.</p>	<p><b>Purchase of Prior Service</b> <u><b>Defined Benefit Component:</b></u> Same as Plan 1, with the following exceptions:</p> <ul style="list-style-type: none"> <li>• Hybrid Retirement Plan members are ineligible for ported service.</li> <li>• The cost for purchasing refunded service is the higher of 4% of creditable compensation or average final compensation.</li> <li>• Plan members have one year from their date of hire or return from leave to purchase all but refunded prior service at approximate normal cost. After that one-year period, the rate for most categories of service will change to actuarial cost.</li> </ul> <p><u><b>Defined Contribution Component:</b></u> Not applicable.</p>

The System issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of the most recent report may be obtained from the VRS website at <http://www.varetire.org/Pdf/Publications/2015-annual-report.pdf>, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

Note 8—Pension Plan: (Continued)

---

*Employees Covered by Benefit Terms*

As of the June 30, 2014 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<u>Primary Government</u>
Inactive members or their beneficiaries currently receiving benefits	59
Inactive members:	
Vested inactive members	11
Non-vested inactive members	13
Inactive members active elsewhere in VRS	<u>64</u>
Total inactive members	88
Active members	<u>96</u>
Total covered employees	<u><u>243</u></u>

*Contributions*

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Prior to July 1, 2012, all or part of the 5.00% member contribution may have been assumed by the employer. Beginning July 1, 2012, new employees were required to pay the 5% member contribution. In addition, for existing employees, employers were required to begin making the employee pay the 5.00% member contribution. This could be phased in over a period of up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution.

The County's contractually required contribution rate for the year ended June 30, 2016 was 9.90% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2013.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County were \$422,179 and \$423,043 for the years ended June 30, 2016 and June 30, 2015, respectively.

Note 8—Pension Plan: (Continued)

---

*Net Pension Liability*

The County's net pension liabilities were measured as of June 30, 2015. The total pension liabilities used to calculate the net pension liabilities were determined by an actuarial valuation performed as of June 30, 2014, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2015.

*Actuarial Assumptions - General Employees*

The total pension liability for General Employees in the County's Retirement Plan was based on an actuarial valuation as of June 30, 2014, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2015.

Inflation	2.5%
Salary increases, including inflation	3.5% - 5.35%
Investment rate of return	7.0%, net of pension plan investment expense, including inflation*

\* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

Mortality rates: 14% of deaths are assumed to be service related

Largest 10 - Non-LEOS:

Pre-Retirement:

RP-2000 Employee Mortality Table Projected with Scale AA to 2020 with males set forward 4 years and females set back 2 years

As of June 30, 2016 (Continued)

Note 8—Pension Plan: (Continued)

*Long-Term Expected Rate of Return*

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
U.S. Equity	19.50%	6.46%	1.26%
Developed Non U.S. Equity	16.50%	6.28%	1.04%
Emerging Market Equity	6.00%	10.00%	0.60%
Fixed Income	15.00%	0.09%	0.01%
Emerging Debt	3.00%	3.51%	0.11%
Rate Sensitive Credit	4.50%	3.51%	0.16%
Non Rate Sensitive Credit	4.50%	5.00%	0.23%
Convertibles	3.00%	4.81%	0.14%
Public Real Estate	2.25%	6.12%	0.14%
Private Real Estate	12.75%	7.10%	0.91%
Private Equity	12.00%	10.41%	1.25%
Cash	1.00%	-1.50%	-0.02%
Total	100.00%		5.83%
		Inflation	2.50%
		*Expected arithmetic nominal return	8.33%

\* Using stochastic projection results provides an expected range of real rates of return over various time horizons. Looking at one year results produces an expected real return of 8.33% but also has a high standard deviation, which means there is high volatility. Over larger time horizons the volatility declines significantly and provides a median return of 7.44%, including expected inflation of 2.50%.

COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

Note 8—Pension Plan: (Continued)

*Discount Rate*

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2018, the rate contributed by the employer for the County Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2018 on, participating employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

*Changes in Net Pension Liability*

	Primary Government		
	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at June 30, 2014	\$ 19,092,851	\$ 18,527,503	\$ 565,348
Changes for the year:

As of June 30, 2016 (Continued)

Note 8—Pension Plan: (Continued)

*Sensitivity of the Net Pension Liability to Changes in the Discount Rate*

The following presents the net pension liability of the County using the discount rate of 7.00%, as well as what the County's and Component Unit School Board's (nonprofessional) net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	Rate		
	<u>(6.00%)</u>	<u>(7.00%)</u>	<u>(8.00%)</u>
County of Greenville			
Net Pension Liability (Asset)	\$ 3,499,556	\$ 916,923	\$ (1,230,547)

*Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

For the year ended June 30, 2016, the County recognized pension expense of \$108,780, respectively. At June 30, 2016, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Primary Government	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 33,462	\$ -
Net difference between projected and actual earnings on pension plan investments	-	502,149
Employer contributions subsequent to the measurement date	<u>422,179</u>	<u>-</u>
Total	<u>\$ 455,641</u>	<u>\$ 502,149</u>

COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

**Note 8—Pension Plan: (Continued)**

*Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: (Continued)*

\$422,179 reported as deferred outflows of resources related to pensions resulting from the County's contributions, respectively, subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended June 30</u>	<u>Primary Government</u>
2017	\$ (181,968)
2018	(181,968)
2019	(191,775)
2020	87,024
Thereafter	-

**Note 9—Deferred/Unavailable/Unearned Revenue:**

Deferred/unavailable revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable but not available. Under the accrual basis assessments for future periods are deferred.

The following is a summary of unearned revenue for the year ended June 30, 2016:

	<u>Government- wide Statements Governmental Activities</u>	<u>Balance Sheet Governmental Funds</u>
<b>Primary Government:</b>		
<b>General Fund:</b>		
Deferred/Unavailable property tax revenue:		
Unavailable property tax revenue representing uncollected property tax billings that are not available for the funding of current expenditures	\$ -	\$ 397,200
2016 assessments due in December 2016	8,719,041	8,719,041
Prepaid property taxes due in December 2016, but paid in advance by the taxpayers	24,046	24,046
Total unavailable revenue	<u>\$ 8,743,087</u>	<u>\$ 9,140,287</u>

## COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

### Note 10—Landfill Closure and Postclosure Care Cost:

---

State and federal laws and regulations require the County to place a final cover on its Greensville landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as each balance sheet date. The \$2,203,422 reported as landfill closure and postclosure care liability at June 30, 2016 represents the cumulative amount reported based on the use of 34.7 percent of the estimated capacity of the landfill. The County will recognize the remaining estimated cost of closure and postclosure care of \$4,146,496 as the remaining estimated capacity is filled. The County expects to close the landfill in the year 2025. Actual cost may be higher due to inflation, changes in technology, or changes in regulations. The County intends to fund these costs from tipping fee revenues.

The County has demonstrated financial assurance requirements for closure and postclosure care costs through the submission of a Local Government Financial Test to the Virginia Department of Environmental Quality in accordance with Section 9VAC20-70 of the Virginia Administrative Code. Also, \$2,591,943 has been designated in the Solid Waste Fund for payment of future closure and postclosure care costs.

### Note 11—Risk Management:

---

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County joined together with other local governments in Virginia to form the Virginia Association of Counties Risk Management Program, a public entity risk pool currently operating as a common risk management and insurance program for participating local governments. The County pays an annual premium to the association for its workers compensation insurance, and general liability insurance.

In the event of a loss deficit and depletion of all available excess insurance, the Association may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The County continues to carry commercial insurance for all other risks of loss, including and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

### Note 12—Litigation:

---

At June 30, 2016, there were no matters of litigation involving the County or which would materially affect the County's financial position should any court decisions on pending matters not be favorable to such entities.

### Note 13—City/County School Cost Agreement:

---

The City of Emporia and the County of Greensville are parties to an agreement that contains provisions for cost sharing, representation and other matters relating to the Greensville County Public School System. The current agreement expires June 30, 2018.

LaTina Stephens, Payroll Clerk	10,000

By order dated December 31, 1983, the Judge of the Circuit Court ruled that no bond shall be required for any member of the Greensville County Board of Supervisors.

**Note 15—Other Postemployment Benefits/Health Insurance:**

---

**County:**

**Background**

Beginning in fiscal year 2009, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 45 for other postemployment benefits (OPEB) offered to retirees. This standard addresses how local governments should account for and report their costs related to post employment health-care and non-pension benefits, such as the County's retiree health benefit subsidy. Historically, the County's subsidy was funded on a pay-as-you go basis, but GASB Statement No. 45 requires that the County accrue the cost of the retiree health subsidy and other post-employment benefits during the period of the employees' active employment, while the benefits are being earned, and disclose the unfunded actuarial accrued liability in order to accurately account for the total future cost of postemployment benefits and the financial impact on the County. This funding methodology mirrors the funding approach used for pension benefits.

**A. Plan Description**

In addition to the pension benefits described in Note 7, the County provides post-retirement healthcare insurance benefits for employees who are eligible for retirement benefits. Individuals who retire from County service with full VRS benefits (i.e. 50 years of age and 30 years of continuous service) has the ability to remain on the County's medical and dental insurance plans up to the age when they become eligible for Medicare (age 65). The retiree's spouse can also receive benefits under the plan.

**B. Funding Policy**

Individuals retiring from the County have the ability to remain on the County's medical and dental insurance plans. The County does not offer a subsidy towards the retiree or the retiree's spouse's premiums.

COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

Note 15—Other Postemployment Benefits/Health Insurance: (Continued)

County: (Continued)

**C. Annual OPEB Cost and Net OPEB Obligation**

The annual cost of other postemployment benefits (OPEB) under GASB 45 is calculated based on the annual required contribution or ARC. The estimated pay as you go cost for OPEB benefits is \$17,000 for fiscal year 2016. The County paid \$7,200 towards this obligation during the fiscal year. The ARC is an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan and change's to the net OPEB obligation:

Annual required contribution	\$ 17,100
Interest on net OPEB obligation	4,300
Adjustment to annual required contribution	(4,400)
Annual OPEB cost (expense)	<u>\$ 17,000</u>
Estimated contributions made	(7,200)
Increase in net OPEB obligation	<u>\$ 9,800</u>
Net OPEB obligation - beginning of year	<u>\$ 106,400</u>
Net OPEB obligation - end of year	<u><u>\$ 116,200</u></u>

For 2016, the County's cash payment of \$7,200 was \$9,800 less than the OPEB cost. The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2016 and the two preceding years are as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
June 30, 2014	\$ 22,000	44.09%	\$ 93,700
June 30, 2015	16,200	21.60%	106,400
June 30, 2016	17,000	42.35%	116,200

**D. Funded Status and Funding Progress**

The funded status of the plan as of July 1, 2014, the most recent actuarial valuation date, is as follows:

Actuarial accrued liability (AAL)	\$ 174,800
Actuarial value of plan assets	\$ -
Unfunded actuarial accrued liability	\$ 174,800
Funded ratio (actuarial value of plan assets / AAL)	0%
Covered payroll (active plan members)	\$ 3,060,000
UAAL as a percentage of covered payroll	5.71%

COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

Note 15—Other Postemployment Benefits/Health Insurance: (Continued)

---

County: (Continued)

**D. Funded Status and Funding Progress: (Continued)**

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

**E. Actuarial Methods and Assumptions**

Cost Method

The entry age normal cost method is used to determine the plan's funding liabilities and costs. Under this cost method, the actuarial present value of projected benefits of every active participant as if the plan's provisions on the valuation date had always been in effect, is determined as a level percentage of expected annual earnings for each future year of expected service. A normal cost for each year from the assumed entry date is determined by applying this level percentage of pay to the assumed earnings for that year (or if benefits are not pay related, the level amount for each year).

Under these methods, inactive participants have no normal cost, and their actuarial liability is the present value of the plan benefits to which they and their beneficiaries are entitled. The plan's total annual normal cost and actuarial liability are the sum of the individual participant amounts.

An experience gain or loss is a decrease or increase in the unfunded actuarial liability attributable to actual experience that differed from that expected by the actuarial assumptions. Such gains or losses are explicitly recognized under this method.

Interest Assumptions

	<u>Unfunded</u>
Investment rate of return	4.00%
Health cost trend assumption	8.00%
Payroll growth	2.50%

The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2014 was thirty years.

## COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

### Note 16—Other Postemployment Benefits-Health Insurance Credit:

---

In addition to the benefits described above, the County and School Board participate in the Health Insurance Credit Program administered by the Virginia Retirement System.

#### A. Plan Description

The County participates in the Health Insurance Credit Program, a plan designed to assist retirees with the cost of health insurance coverage. This program is an agent and cost sharing, multiple-employer defined benefit plan administered by the Virginia Retirement System (VRS). The Virginia General Assembly establishes the dollar amount of the health insurance credit for each year of creditable service. The credit amount and eligibility differs for state, school division, political subdivision, local officer, local social services department and general registrar retirees.

An employee of the County, who retires under VRS with at least 15 years of total creditable service under the System and is enrolled in a health insurance plan, is eligible to receive a monthly health insurance credit of \$1.50 per year of creditable service up to a maximum monthly credit of \$45. However, such credit shall not exceed the health insurance premium for the retiree. Disabled retirees automatically receive the maximum monthly health insurance credit of \$45.

Benefit provisions and eligibility requirements are established by Title 51.1, Chapter 14 of the Code of Virginia. The VRS actuarially determines the amount necessary to fund all credits provided, reflects the cost of such credits in the applicable employer contribution rate pursuant to §51.1-145, and prescribes such terms and conditions as are necessary to carry out the provisions of the health insurance credit program. VRS issues separate financial statements as previously discussed in Note 7.

#### B. Funding Policy

As a participating local political subdivision, the County is required to contribute the entire amount necessary to fund participation in the program using the actuarial basis specified by the Code of Virginia and the VRS Board of Trustees. The County's contribution rate for the fiscal year ended 2016 was .18% of annual covered payroll.

#### C. Annual OPEB Cost and Net OPEB Obligation

The annual cost of OPEB under Governmental Accounting Standards Board (GASB) 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions, is based on the annual required contribution (ARC). The County is required to contribute the ARC, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

Note 16—Other Postemployment Benefits-Health Insurance Credit: (Continued)

C. Annual OPEB Cost and Net OPEB Obligation: (Continued)

For 2016, the County’s contribution of \$3,041 was equal to the ARC and OPEB cost. The County’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2016 and the preceding two years are as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2014	\$ 1,283	100%	\$ -
June 30, 2015	3,039	100%	-
June 30, 2016	3,041	100%	-

D. Funded Status and Funding Progress

The funded status of the plan as of June 30, 2015, the most recent actuarial valuation date, is as follows:

Actuarial accrued liability (AAL)	\$ 86,635
Actuarial value of plan assets	73,968
Unfunded actuarial accrued liability	12,667
Funded ratio (actuarial value of plan assets / AAL)	85.38%
Covered payroll (active plan members)	1,966,317
UAAL as a percentage of covered payroll	0.64%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future and reflect a long-term perspective. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used included techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

## COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

---

### Note 16—Other Postemployment Benefits-Health Insurance Credit: (Continued)

---

#### E. Actuarial Methods and Assumptions: (Continued)

The entry age normal cost method was used to determine the plan's funding liabilities and costs. The actuarial assumptions included a 7.0% investment rate of return, compounded annually, including an inflation component of 2.5%, and a payroll growth rate of 3%. The UAAL is being amortized as a level percentage of payroll on an open basis. The remaining open amortization period at June 30, 2015 was 19-28 years.

The Retiree Health Insurance Credit benefit is based on a member's employer eligibility and his or her years of service. The monthly maximum credit amount cannot exceed the member's actual health insurance premium costs. The actuarial valuation for this plan assumes the maximum credit is payable for each eligible member. Since this benefit is a flat dollar amount multiplied by years of service and the maximum benefit is assumed, no assumption relating to healthcare cost trend rates is needed or applied.

#### F. Professional Employees - Discretely Presented Component Unit School Board

The School Board participates in the Health Insurance Credit Program, a plan designed to assist retirees with the cost of health insurance coverage. This program is a cost sharing, multiple-employer defined benefit plan administered by the Virginia Retirement System (VRS). The Virginia General Assembly establishes the dollar amount of the health insurance credit for each year of creditable service.

A teacher, who retires under VRS with at least 15 years of total creditable service under the System and is enrolled in a health insurance plan, is eligible to receive a monthly health insurance credit of \$4 per year of creditable service. However, such credit shall not exceed the health insurance premium for the retiree. Disabled retirees automatically receive a monthly health insurance credit of \$4 multiplied by the smaller of (i) twice the amount of their creditable service or (ii) the amount of creditable service they would have completed at age 60 if they had remained in service to that age.

The School Board is required to contribute, at an actuarially determined rate, the entire amount necessary to fund participation in the program. The current rate is 1.06% of annual covered payroll. The School Board's contribution to VRS for the years ended June 30, 2016, 2015 and 2014 was \$129,745, \$129,952, and \$131,794, and equaled the required contributions for each year.

### Note 17—Commitments and Contingencies:

---

Federal programs in which the County and discretely presented component units participate were audited in accordance with the provisions of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Pursuant to the provisions of this circular all major programs and certain other programs were tested for compliance with applicable grant requirements.

While no matters of noncompliance were disclosed by audit, the Federal Government may subject grant programs to additional compliance test which may result in disallowed expenditures. In the opinion of management, any future disallowance of current grant program expenditures, if any, would be immaterial.

COUNTY OF GREENSVILLE, VIRGINIA

Notes to Financial Statements  
As of June 30, 2016 (Continued)

**Note 18—Restatement of Beginning Fund Balance and Net Position:**

Beginning fund balance and net position were restated as follows:

	Governmental Activities CSA Fund	General Fund	Water & Sewer Fund
Fund balance as reported at June 30, 2015	\$ 198,398	\$ 5,036,694	\$ -
Record FY 2015 accounts payable	(148,483)	-	-
Adjust to 2012 due to/due from balances per new cost share agreement	90,989	(61,364)	-
Fund balance as restated at June 30, 2015	<u>140,904</u>	<u>4,975,330</u>	<u>-</u>
Net Position as reported at June 30, 2015	\$ 11,110,856		\$ 22,478,507
Record FY 2015 accounts payable	(148,483)		-
Adjust to 2012 due to/due from balances per new cost share agreement	90,989		-
Less amount due to County of Greensville	(61,364)		-
Implementation of GASB Statement No. 68	<u>-</u>		<u>(262,826)</u>
Net Position as restated at June 30, 2015	<u>\$ 10,991,998</u>		<u>\$ 22,215,681</u>

**Note 19—Upcoming Pronouncements:**

Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, improves the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, as amended, Statement 43, and Statement No. 50, *Pension Disclosures*. This Statement is effective for financial statements for fiscal years beginning after June 15, 2016. Earlier application is encouraged.

**Note 19—Upcoming Pronouncements: (Continued)**

---

Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pension*, improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). This Statement replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans, for OPEB*. Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, establishes new accounting and financial reporting requirements for OPEB plans. This Statement is effective for fiscal years beginning after June 15, 2017. Earlier application is encouraged.

Statement No. 77, *Tax Abatement Disclosures*, will increase the disclosure of tax abatement agreements to disclose information about the agreements. The requirements of this Statement improve financial reporting by giving users of financial statements essential information that is not consistently or comprehensively reported to the public at present. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2015. Earlier application is encouraged.

Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, addresses a practice issue regarding the scope and applicability of Statement No. 68, *Accounting and Financial Reporting for Pensions*. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions. The requirements of this Statement are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged.

Statement No. 80, *Blending Requirements for Certain Component Units—an amendment of GASB Statement No. 14*, improves financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, *The Financial Reporting Entity, as amended*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016. Earlier application is encouraged.

Statement No. 81, *Irrevocable Split-Interest Agreements*, improves accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2016, and should be applied retroactively. Earlier application is encouraged.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

## **REQUIRED SUPPLEMENTARY INFORMATION**

2007	127,819	127,819	-	3,302,823	3.87%

Current year contributions are from County records and prior year contributions are from the VRS actuarial valuation performed each year.

Notes to Required Supplementary Information  
For the Year Ended June 30, 2016

---

In 2015, Covered Employee Payroll (as defined by GASB 68) included the total payroll for employees covered under the pension plan whether that payroll is subject to pension coverage or not. This definition was modified in GASB Statement No. 82 and now is the payroll on which contributions to a pension plan are based. The ratios presented use the same measure.

**Changes of benefit terms** - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation. The 2014 valuation includes Hybrid Retirement Plan members for the first time. The hybrid plan applies to most new employees hired on or after January 1, 2014 and not covered by enhanced hazardous duty benefits. Because this was a new benefit and the number of participants was relatively small, the impact on the liabilities as of the measurement date of June 30, 2015 are not material.

**Changes of assumptions** - The following changes in actuarial assumptions were made effective June 30, 2013 based on the most recent experience study of the System for the four-year period ending June 30, 2012:

Largest 10 - Non-LEOS:

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

Largest 10 - LEOS:

- Update mortality table
- Decrease in male rates of disability

All Others (Non 10 Largest) - Non-LEOS:

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

All Others (Non 10 Largest) - LEOS:

- Update mortality table
- Adjustments to rates of service retirement for females
- Increase in rates of withdrawal
- Decrease in male and female rates of disability

Component Unit School Board - Professional Employees

- Update mortality table
- Adjustments to the rates of service retirement
- Decrease in rates withdrawals for 3 through 9 years of service
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

## Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

---

To the Honorable Members of the Board of Supervisors  
County of Greensville, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Greensville, Virginia as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the County of Greensville, Virginia's basic financial statements, and have issued our report dated January 3, 2017.

### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered County of Greensville, Virginia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of County of Greensville, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of County of Greensville, Virginia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management, or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Greenville, Virginia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Independent Auditors' Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

---

To the Honorable Members of the Board of Supervisors  
County of Greensville, Virginia

### Report on Compliance for Each Major Federal Program

We have audited the County of Greensville, Virginia's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of County of Greensville, Virginia's major federal programs for the year ended June 30, 2016. County of Greensville, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### *Management's Responsibility*

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### *Auditors' Responsibility*

Our responsibility is to express an opinion on compliance for each of County of Greensville, Virginia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about County of Greensville, Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of County of Greensville, Virginia's compliance.

#### *Opinion on Each Major Federal Program*

In our opinion, County of Greensville, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

## *Report on Internal Control over Compliance*

Management of the County of Greenville, Virginia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County of Greenville, Virginia's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of County of Greenville, Virginia's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

COUNTY OF GREENSVILLE, VIRGINIA

Notes to Schedule of Expenditures of Federal Awards  
For the Year Ended June 30, 2016

---

Note 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federally assisted programs of the County of Greensville, Virginia. The County's reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies, as well as federal awards passed through other government agencies, are included on the schedule. The information in this schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of County of Greensville, Virginia, it is not intended to and does not present the financial position, changes in net positions, or cash flows of County of Greensville, Virginia.

Note 2 - Summary of Significant Accounting Policies

(1) Expenditures on the Schedule are reported on the accrual basis of accounting. Expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

2) Pass-through entity identifying numbers are presented where available.

Note 3 - Food Donation

Nonmonetary assistance is reported in the schedule at fair market value of the commodities received and distributed.

Note 4 - Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the County's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:

General Fund	\$ 275,186
CSA Fund	27,846
Capital Projects Fund	20,447
Total primary government	<u>\$ 323,479</u>

Component Unit School Board:

School Operating Fund	\$ 2,189,744
School Cafeteria Fund	1,102,898
Total component unit school board	<u>\$ 3,292,642</u>

Component Unit Department of Social Services \$ 1,368,920

Total expenditures of federal awards per the Schedule of Expenditures of Federal Awards \$ 4,985,041
