CERTIFIED PUBLIC ACCOUNTANTS

A PROFESSIONAL LIMITED LIABILITY COMPANY

Independent Auditors' Report

**To the Board of Directors
Greensville County Water and Sewer Authority
Emporia, Virginia**

We have audited the statement of net assets of the Greensville County Water and Sewer Authority (a component unit of the County of Greensville, Virginia), as of September 30, 2012 and the related statements of revenues, expenses and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Greensville County Water and Sewer Authority, as of September 30, 2012, and the respective changes in financial position and cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 28, 2013, on our consideration of the Greensville County Water and Sewer Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the schedules of pension and OPEB funding be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the schedule of funding progress in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for

consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the schedules of funding progress because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

The accompanying notes to financial statements are an integral part of this statement.

GREENSVILLE COUNTY WATER AND SEWER AUTHORITY
(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES:

A. Organization and Purpose:

The Greenville County Water and Sewer Authority was created by the Greenville County Board of Supervisors on February 21, 1978, pursuant to the provisions of the Virginia Water and Sewer Authorities Act, Section 15.2-5100 through Section 15.2-5158 of the Code of Virginia, 1950, as amended. The County of Greenville, Virginia serves as the fiscal agent for the Authority.

The bylaws and rules for the business transactions of the Greenville County Water and Sewer Authority are made pursuant to the authority vested in this Authority by Section 15.2-5114(b), Code of Virginia, 1950, as amended and in accordance with the general provisions of the Virginia Water and Sewer Authorities Act.

B. Reporting Entity:

The Greenville County Water and Sewer Authority is reported as a blended component unit of the County of Greenville, Virginia. The Authority is governed by a Board comprised of the government's elected supervisors.

The financial statements of the Authority are prepared as an "enterprise" commercial unit to conform to financial reporting practices as recommended in *Water Utility Accounting* published jointly by the Governmental Finance Officers Association and The American Water Works Association.

C. Basic Financial Statements:

Management's Discussion and Analysis - GASB Statement No. 34 requires the financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities in the form of "Management's Discussion and Analysis" (MD&A). Management has elected to omit this discussion and analysis for the fiscal year ending September 30, 2012.

Enterprise Fund Financial Statements

Statement of Net Assets - The Statement of Net Assets is designed to display the financial position of the Authority. Governments will report all capital assets in the government-wide Statement of Net Assets and will report depreciation expense—the cost of "using up" capital assets—in the Statement of Activities. The net assets of a government will be broken down into three categories—1) invested in capital assets, net of related debt; 2) restricted; and 3) unrestricted.

D. Basis of Accounting:

The accounts of the Authority are accounted for using the flow of economic resources measurement focus and utilize the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The Authority follows all applicable GASB and FASB pronouncements issued before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements.

GREENSVILLE COUNTY WATER AND SEWER AUTHORITY
(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012 (Continued)

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES: (Continued)

D. Basis of Accounting: (Continued)

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are charges to customers for sales and services. The Authority also recognizes as operating revenue the portion of availability charges intended to recover the cost of connecting new customers to the system. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

E. Cash and Cash Equivalents:

For purposes of the statement of cash flows, the Authority considers all highly liquid investments (including restricted assets) with a maturity of three months or less from the date of purchase to be cash equivalents.

F. Allowance for Uncollectible Accounts:

The Authority calculates its allowance for specific accounts using historical collection data and, in certain cases, specific account analysis. Historical collection data indicates that any uncollectible amounts would be negligible. Accordingly, no allowance for uncollectible accounts has been established.

G. Capital Assets and Depreciation:

The Authority's capital assets consist of office and computer equipment, transportation equipment and utility plant in service. Capital assets are defined by the Authority as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. All additions to utility lines are capitalized. Depreciation expense is computed by the straight-line method using the following estimated useful lives as a basis:

<u>Items</u>	<u>Years</u>
Source of supply structures	50
Water pumping equipment	20
Transmission mains and accessories	50 to 66-2/3
Meters	66-2/3
Hydrant and accessories	5
Other general equipment	3
Motor vehicles	5

No depreciation is taken on assets until the first year following the date placed in service. Depreciation for the year ended September 30, 2012 totaled \$840,090.

GREENSVILLE COUNTY WATER AND SEWER AUTHORITY
(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012 (Continued)

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES: (Continued)

H. Bond Issuance Costs and Deferred Amount on Refunding:

Bond issuance costs for proprietary fund types are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. (Costs relative to each bond issue are amortized over the life of the bonds.) Amortization expense related to bond issuance costs for the year totaled \$8,299. In fiscal year 2003, the Authority recognized \$224,798 of deferred refunding on revenue bonds. This refunding is amortized over the life of the new refunding bonds. Amortization expense related to the deferred amount on refunding for the year totaled \$13,223. Total amortization expense for the year was \$21,522.

I. Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

J. Compensated Absences:

The Authority has a policy which allows for the accumulation and vesting of limited amounts of vacation leave until termination or retirement.

K. Net Assets:

Net assets are the difference between assets and liabilities. Net assets invested in capital assets represent capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction or improvement of those assets.

NOTE 2 - DEPOSITS AND INVESTMENTS:

Deposits:

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

GREENSVILLE COUNTY WATER AND SEWER AUTHORITY
(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012 (Continued)

NOTE 2 - DEPOSITS AND INVESTMENTS: (Continued)

Investments:

Statutes authorize the Authority to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, “prime quality” commercial paper and certain corporate notes, banker’s acceptances, repurchase agreements and the State Treasurer’s Local Government Investment Pool (LGIP).

Authority's Rated Debt Investment Value	
Rated Debt Investments	Fair Quality Ratings
	AAA
Local Government Investment Pool	\$ 118,104
Total	\$ 118,104

The Authority has not adopted a formal investment policy as of September 30, 2012.

NOTE 3 - CAPITAL ASSETS:

A summary of changes in capital assets for the year is presented as follows:

	Balance October 1, 2011	Additions	Deletions	Balance September 30, 2012
Capital assets not being depreciated:				
Land and land rights	\$ 441,589	\$ 18,618	\$ -	\$ 460,207
Construction in progress	470,280	1,321,680	-	1,791,960

Total capital assets being depreciated, net	27,218,506	(810,608)	-	26,407,898
Business-type activities capital assets, net	\$ 28,130,375	\$ 529,690	\$ -	\$ 28,660,065

Depreciation expense for the year totaled \$840,090.

GREENSVILLE COUNTY WATER AND SEWER AUTHORITY
(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012 (Continued)

NOTE 4 - CONSTRUCTION IN PROGRESS:

Details of construction work in progress for the fiscal year ended September 30, 2012 are as follows:

Project	Balance October 1, 2011	Additions	Deletions	Balance September 30, 2012
Wood Fuel	\$ 19,300	\$ 762	\$ -	\$ 20,062
Jarratt WWTP	369,009	521,405	-	890,414
Blanks Lane Waterline	-	9,333	-	9,333
Megasite	-	315,163	-	315,163
Jarratt WWTP Generator	-	82,351	-	82,351
Three Creek Jarratt Centrifuge	-	340,566	-	340,566
Skippers Well	81,971	52,100	-	134,071
Total	\$ 470,280	\$ 1,321,680	\$ -	\$ 1,791,960

NOTE 5 - OTHER ASSETS:

The Authority's bond issuance costs for bonds issued below are as follows:

	Bond Issue Cost	Amortization Period Years	Amortization Expense	Accumulated Amortization	Net Book Value
Issuance costs:					
Series 2001	\$ 108,664	30	\$ 3,622	\$ 39,843	\$ 68,821
Series 2004	12,780	30	426	3,407	9,373
Series 2010	85,021	20	4,251	12,753	72,268
Total	\$ 206,465		\$ 8,299	\$ 56,003	\$ 150,462

NOTE 6 - CLAIMS, JUDGMENTS AND COMPENSATED ABSENCES:

The Authority has accrued the liability arising from outstanding claims and judgments and compensated absences. Authority employees earn vacation and sick leave at the rate of one day for each per month. All accumulated vacation is paid upon termination. 25% of sick leave up to \$5,000 is paid upon termination if employed by the Authority for at least five years. The Authority has outstanding accrued vacation and sick pay totaling \$229,763.

NOTE 8 - DEFINED BENEFIT PENSION PLAN:

A. Plan Description:

Name of Plan: Virginia Retirement System (VRS)
Identification of Plan: Agent and Cost-Sharing Multiple-Employer Defined Benefit Pension Plan
Administering Entity: Virginia Retirement System (System)

All full-time, salaried permanent (professional) employees of public school divisions and employees of participating employers are automatically covered by VRS upon employment. Benefits vest after five years of service credit. Members earn one month of service credit for each month they are employed and their employer is paying into the VRS. Members are eligible to purchase prior public service, active duty military service, certain periods of leave and previously refunded VRS service as credit in their plan.

VRS administers two defined benefit plans for local government employees - Plan 1 and Plan 2:

- Members hired before July 1, 2010 and who have service credits before July 1, 2010 are covered under Plan 1. Non-hazardous duty members are eligible for an unreduced retirement benefit beginning at age 65 with at least five years of service credit or age 50 with at least 30 years of service credit. They may retire with a reduced benefit early at age 55 with at least 5 years of service credit or age 50 with at least 10 years of service credit.
- Members hired or rehired on or after July 1, 2010 and who have no service credits before July 1, 2010 are covered under Plan 2. Non-hazardous duty members are eligible for an unreduced benefit beginning at their normal Social Security retirement age with at least five years of service credit or when the sum of their age and service equals 90. They may retire with a reduced benefit as early as age 60 with at least five years of service credit.
- Eligible hazardous duty members in Plan 1 and Plan 2 are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. These members include sheriffs, deputy sheriffs and hazardous duty employees of political subdivisions that have elected to provide enhanced coverage for hazardous duty service. They may retire with a reduced benefit as early as age 50 with at least five years of service credit. All other provisions of the member's plan apply.

The VRS Basic Benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the member's average final compensation multiplied by the member's total service credit. Under Plan 1, average final compensation is the average of the member's 36 consecutive months of highest compensation. Under Plan 2, average final compensation is the average of the member's 60 consecutive months of highest compensation. The retirement multiplier for non-hazardous duty members is 1.70 %. The retirement multiplier for sheriffs and regional jail superintendents is 1.85%. The retirement multiplier for eligible political subdivision hazardous duty employees other than sheriffs and jail superintendents is 1.70% or 1.85% as elected by the employer. At retirement, members can elect the Basic Benefit, the Survivor Option, a Partial Lump-Sum Option Payment (PLOP) or the Advance Pension Option. A retirement reduction factor is applied to the Basic Benefit amount for members electing the Survivor Option, PLOP or Advance Pension Option or those retiring with a reduced benefit.

GREENSVILLE COUNTY WATER AND SEWER AUTHORITY
(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012 (Continued)

NOTE 8 - DEFINED BENEFIT PENSION PLAN: (Continued)

A. Plan Description: (Continued)

Retirees are eligible for an annual cost-of-living adjustment (COLA) effective July 1 of the second calendar year of retirement. Under Plan 1, the COLA cannot exceed 5.00%; under Plan 2, the COLA cannot exceed 6.00%. During years of no inflation or deflation, the COLA is 0.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

The system issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of the most recent report may be obtained from the VRS Web site at <http://www.varetire.org/Pdf/Publications/2011-annual-report.pdf> or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

B. Funding Policy:

Plan members are required by Title 51.1 of the Code of Virginia (1950), as amended, to contribute 5.00% of their compensation toward their retirement. All or part of the 5.00% member contribution may be assumed by the employer. In addition, the Authority is required to contribute the remaining amounts necessary to fund its participation in the VRS using the actuarial basis specified by the Code of Virginia and approved by the VRS Board of Trustees. The Authority’s non-professional employee contribution rate for the fiscal year ended was 7.78% from July 2012 through September 2012 and 5.48% from October 2011 through June 2012.

C. Annual Pension Cost:

For fiscal year 2012, the Authority’s annual pension cost of \$59,304 was equal to the County’s required and actual contributions.

Three-Year Trend Information for the Authority			
Fiscal Year Ending	Annual Pension Cost (APC) (1)	Percentage of APC Contributed	Net Pension Obligation
September 30, 2010	\$ 52,777	100%	\$ -
September 30, 2011	51,060	100%	-
September 30, 2012	59,304	100%	-

(1) Employer portion only

(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012 (Continued)

NOTE 8 - DEFINED BENEFIT PENSION PLAN: (Continued)

C. Annual Pension Cost: (Continued)

The FY 2012 required contribution was determined as part of the June 30, 2009 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at June 30, 2009 included (a) an investment rate of return (net of administrative expenses) of 7.50%, (b) projected salary increases ranging from 3.75% to 5.60% per year for general government employees and 3.50% to 4.75% for employees eligible for enhanced benefits available to law enforcement officers, firefighters, and sheriffs, and (c) a cost-of-living adjustment of 2.50% per year. Both the investment rate of return and the projected salary increases include an inflation component of 2.50%. The actuarial value of the Authority's assets is equal to the modified market value of assets. This method uses techniques that smooth the effects of short-term volatility in the market value of assets over a five-year period. The Authority's unfunded actuarial accrued liabilities are being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2009 was 20 years.

D. Funded Status and Funding Progress:

As of June 30, 2011, the most recent actuarial valuation date, the Authority's plan was 82.23% funded. The actuarial accrued liability for benefits was \$2,826,647, and the actuarial value of assets was \$2,324,404, resulting in an unfunded actuarial accrued liability (UAAL) of \$502,243. The covered payroll (annual payroll of active employees covered by the plan) was \$914,654, and ratio of the UAAL to the covered payroll was 54.91%.

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 9 - RISK MANAGEMENT:

The Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority joined together with other local governments in the State to form the Virginia Municipal Group Self Insurance Association, a public entity risk pool currently operating as a common risk management and insurance program for member governments. The Authority pays an annual premium to the pool for its workers' compensation coverage. The Agreement for Formation of the association provides that the association will be self-sustaining through member premiums.

The Authority continues to carry commercial insurance for all other risks of loss, including general liability and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

GREENSVILLE COUNTY WATER AND SEWER AUTHORITY
(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012 (Continued)

NOTE 10 - ECONOMIC DEPENDENCY:

For the fiscal year ending September 30, 2012, the Commonwealth of Virginia-Department of Corrections was billed \$1,384,855 for services, which constitutes approximately 38% of total operating revenues.

NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS PROGRAM:

Background:

Beginning in fiscal year 2009, the Authority implemented Governmental Accounting Standards Board (GASB) Statement No. 45 for other post-employment benefits (OPEB) offered to retirees. This standard addresses how local governments should account for and report their costs related to post-employment health-care and non-pension benefits, such as the Authority's retiree health benefit subsidy. Historically, the Authority's subsidy was funded on a pay-as-you go basis, but GASB Statement No. 45 requires that the Authority accrue the cost of the retiree health subsidy and other post-employment benefits during the period of the employees' active employment, while the benefits are being earned, and disclose the unfunded actuarial accrued liability in order to accurately account for the total future cost of post-employment benefits and the financial impact on the Authority. This funding methodology mirrors the funding approach used for pension benefits.

Plan Description:

Greenville County Water and Sewer Authority offers eligible retirees post-retirement medical coverage if they retire directly from the Authority with at least thirty years of continuous Authority service and are eligible to receive an early or regular retirement benefit from the Virginia Retirement System (VRS). The retirees' dependents can receive benefits under the plan with the premium to be paid by the retiree. Health benefits include medical and dental coverage. The Authority retirees are responsible for 100% of the premium that is paid directly to the subscriber. Benefits end at the age of 65 or when retirees become eligible for Medicare.

Funding Policy:

Individuals retiring from the Authority have the ability to remain on the Authority's insurance plan. The Authority does not offer a subsidy towards the retiree or the spouse's premiums.

Annual OPEB Cost and Net OPEB Obligation:

The Authority's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution on the employer (ARC)*. The Authority has elected to calculate the ARC as the normal cost plus amortization of the unfunded portion of actuarial accrued liability in compliance with GASB 45 parameters. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

GREENSVILLE COUNTY WATER AND SEWER AUTHORITY
(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012 (Continued)

NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS PROGRAM: (Continued)

Annual OPEB Cost and Net OPEB Obligation: (Continued)

The estimated contributions are based on projected medical premium payments and credit for the implicit rate subsidy made during the year for the retired employees by the Authority. The following table shows the components of the Authority's annual OPEB cost for the year, the estimated annual contributions to the plan, and changes in the Authority's net OPEB obligation to the Retiree Health Plan:

	Primary Government
Annual required contribution	\$ 5,600
Interest on OPEB obligation	300
Adjustment to annual required contribution	(400)
Annual OPEB cost (expense)	<u>\$ 5,500</u>
Estimated contribution made during FY 2012	<u>(3,500)</u>
Increase in net OPEB obligation	<u>\$ 2,000</u>
Net OPEB obligation - beginning of year	8,600
Net OPEB obligation - end of year	<u><u>\$ 10,600</u></u>

The Authority's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the prior three years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2010	\$ 6,789	26.51%	\$ 9,989
June 30, 2011	311	546.62%	8,600
June 30, 2012	5,500	63.64%	10,600

Funded Status and Funding Progress:

As of July 1, 2010, the Authority's actuarial accrued liability for benefits was \$60,400, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$931,756, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 6.48%.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples included assumptions about future employment, mortality, and healthcare cost trend.

GREENSVILLE COUNTY WATER AND SEWER AUTHORITY
(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012 (Continued)

NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS PROGRAM: (Continued)

Funded Status and Funding Progress: (Continued)

Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions:

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The following simplifying assumptions were made:

Retirement age for active employees-Retirement age was estimated based on tables used for the VRS State Employees valuation and assumed that participants begin to retire when they become eligible to receive healthcare benefits.

Mortality-Life expectancies were based on mortality tables from the 1994 Group Annuity Mortality Tables for males and females with a one year setback in pre-retirement for males and females.

Coverage elections - The actuarial assumed that 20% of current actives of the Greenville County Water and Sewer Authority will elect medical coverage when they retire and that 5% of retirees who elect coverage will cover a spouse.

Based on the historical and expected returns of the Authority's short-term investment portfolio, a discount of 4.0% was used. In addition, the projected unit credit actuarial cost method was used. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2009 was thirty years.

NOTE 12 - LOANS TO IDA AND COUNTY OF GREENSVILLE, VIRGINIA:

The Authority has made the following loans to the Greenville County Industrial Development Authority:

On July 19, 2010, the Authority entered into a note receivable agreement in the amount of \$825,000 with the Greenville County IDA. The proceeds were used to refinance the note payable agreement dated February 11, 2005 with an outstanding balance of \$820,594. Payments are due monthly in the amount of \$4,913 through July 15, 2030, interest at 3.80%. The outstanding balance of this note at September 30, 2012 is \$762,763.

(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012 (Continued)

NOTE 12 - LOANS TO IDA AND COUNTY OF GREENSVILLE, VIRGINIA: (Continued)

On December 20, 2010, the Authority entered into a note receivable agreement in the amount of \$314,000 with the Greenville County IDA. The proceeds were used to finance the purchase of the Phoenix Building on behalf of the County of Greenville as short-term financing. The County will issue bonds to repay the Authority and finance other improvements to the property. Payments are due monthly in the amount of \$3,161 through December 15, 2020, interest at 3.88%. This note was paid in full during fiscal year 2012.

The Authority has made the following loan to the County of Greenville, Virginia:

On June 30, 2011, the Authority issued a loan to the County of Greenville, Virginia in the amount of \$178,500. The proceeds are financing portions of the Mega-Site. Payments of \$15,000 are due annually on June 30 through 2027, with interest at 3.32%. The outstanding balance of this loan at September 30, 2012 is \$169,426.

Annual repayments of principal and related interest are as follows:

	IDA Refi		County Mega-Site	
	Principal	Interest	Principal	Interest
2013	\$ 30,496	\$ 28,457	\$ 9,375	\$ 5,625

GREENSVILLE COUNTY WATER AND SEWER AUTHORITY
(A Component Unit of the County of Greenville, Virginia)

Notes to Financial Statements
As of September 30, 2012 (Continued)

NOTE 13 - VRS HEALTH INSURANCE CREDIT - OTHER POST-EMPLOYMENT BENEFITS:

A. Plan Description:

The Authority participates in the Health Insurance Credit Program, a plan designed to assist retirees with the cost of health insurance coverage. This program is a cost sharing, multiple-employer defined benefit plan administered by the Virginia Retirement System (VRS). The Virginia General Assembly establishes the dollar amount of the health insurance credit for each year of creditable service. The credit amount and eligibility differs for state, school division, political subdivision, local officer, local social services department and general registrar retirees.

An employee, who retires under VRS with at least 15 years of total creditable service under the System and is enrolled in a health insurance plan, is eligible to receive a monthly health insurance credit of \$4 per year of creditable service. However, such credit shall not exceed the health insurance premium for the retiree. Disabled retirees automatically receive a monthly health insurance credit of \$4 multiplied by the smaller of (i) twice the amount of their creditable service or (ii) the amount of creditable service they would have completed at age 60 if they had remained in service to that age.

Benefit provisions and eligibility requirements are established by Title 51.1, Chapter 14 of the Code of Virginia. The VRS actuarially determines the amount necessary to fund all credits provided, reflects the cost of such credits in the applicable employer contribution rate pursuant to §51.1-145, and prescribes such terms and conditions as are necessary to carry out the provisions of the health insurance credit program. VRS issues separate financial statements as previously discussed in Note 11.

B. Funding Policy:

The Authority is required to contribute, at an actuarially determined rate, the entire amount necessary to fund participation in the program. The current rate is .32% of annual covered payroll. The Authority's contributions to VRS for the years ended September 2012, 2011, and 2010 were \$3,053, \$2,888, and \$2,851, respectively and equaled the required contributions for each year.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Directors
Greensville County Water and Sewer Authority
Emporia, Virginia

We have audited the financial statements of the Greensville County Water and Sewer Authority as of and for the year ended September 30, 2012, which collectively comprise the Greensville County Water and Sewer Authority's basic financial statements and have issued our report thereon dated January 28, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia.

Internal Control Over Financial Reporting

Management of Greensville County Water and Sewer Authority is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Greensville County Water and Sewer Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Greensville County Water and Sewer Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Greensville County Water and Sewer Authority's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Greenville County Water and Sewer Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and Board of Directors and is not intended to be and should not be used by anyone other than these specified parties.
