Cost: **FREE Grant Funded**, if you live within the service area of the Greenville Memorial Foundation (Emporia/Greenville, Brunswick County, portions of Southampton & Sussex County). *Students who live outside of these areas or who do not successfully complete the course, **will be required to pay** \$575.00 for the course which includes: (class, text and workbook as well as state testing fee).*

The course will be conducted in the classroom with mandatory hands on practicals.

Emergency Medical Technicians (EMTs) provide pre-hospital emergency care and transportation for the sick and injured who access the Emergency Medical Services (EMS) system. EMTs have basic knowledge and skills necessary to stabilize and safely transport patients ranging from non-emergency to life threatening emergencies. EMTs function as part of a comprehensive EMS response system, under medical oversight. EMTs are the critical link between the scene of an emergency and the health care system.

Funding for this course was made possible by the Greenville Memorial Foundation
